

City Council Policy #39 Parks & Recreation Fees

Date Approved: March 18, 2002

Dates Amended: 12/18/2007; 11/4/2013; 04/07/2014; 12/17/2018; 12/18/2023

The City of Kirksville's Parks and Recreation Department is responsible for the maintenance and programming of 116 acres of parks, and the management of the Kirksville Aquatic Center. To provide the flexibility to react to program development requests and market demands, the City Council has granted authority to the Parks and Recreation Director to amend fees, operations, and procedures as needed for programs.

I. FEES

Fees for Parks and Recreation Department programs will be set and subsequently reviewed and amended by the Parks and Recreation Director based on operational cost, market demands, patron volume, program participation, and special event requests.

Fees will be determined for recreation programming, sponsorships, and specific requests for service from local organizations.
