City Council Staff Report

---

**Meeting Date:** 4/15/2024

**Item:** 5

**Report Prepared by:** Adam Dorrell, City Engineer

**Recommended Motion:** To approve a Resolution of the City Council of the City of Kirksville, Missouri, awarding a bid for unit price concrete work to Stanton Contracting, LLC of Kirksville, Missouri, for all 2024 Concrete Construction and Repairs.

**Background:** Each year, the City solicits concrete construction and repair bids from contractors for various projects throughout the City. This year, street items include slab repairs, curb and gutter, sidewalks, and side street intersections.

The City opened bids on April 11, 2024. The City received one (1) bid from a local qualified contractor, Stanton Contracting, LLC. The Engineer's Estimate of Probable Cost for the Project was \$495,467.45. Though the only bidder, Stanton Contracting, LLC has completed projects for the City in a workmanlike manner and has proven to be a responsive and responsible bidder for the City.

**Citizen Impact:** The City works every year to improve its street infrastructure, and awarding this bid is in line with the THINK Kirksville 2040 Chapter 4 THINK Mobility & Transportation. Because of the nature of this work, travelers may experience minor traffic delays and detours on residential streets scheduled for concrete slab repairs or pavement replacement. The concrete repairs will extend the useful service life of the street pavement.

**Fiscal Impact:** The 2024 Concrete Street Repairs will be administered through the Transportation Sales Tax Fund account 332-3251-7520 which includes contracted street work.

**Respectfully submitted,**

**Mari E. Macomber**  
City Manager
