## Demolition Permit Application

Date: \_\_\_\_\_

### APPLICANT INFORMATION

☐ Owner ☐ Contractor ☐ Other

Name: \_\_\_\_\_

Address: \_\_\_\_\_

City, State Zip: \_\_\_\_\_

Phone: \_\_\_\_\_

E-mail: \_\_\_\_\_

### DEMOLITION CONTRACTOR INFORMATION

☐ Same as Applicant

Name: \_\_\_\_\_

Address: \_\_\_\_\_

City, State Zip: \_\_\_\_\_

Phone: \_\_\_\_\_

E-mail: \_\_\_\_\_

### OWNER INFORMATION

☐ Same as Applicant

Name: \_\_\_\_\_

Phone: \_\_\_\_\_

### TYPE OF DEMOLITION

#### Structure

☐ House

☐ Commercial

☐ Accessory Building

☐ Mobile Home

☐ Multi-Family

☐ Other \_\_\_\_\_

### DUMPSTER INFORMATION

What Company is placing the dumpster at the location? \_\_\_\_\_

Where will the dumpster be located? \_\_\_\_\_

### STRUCTURE INFORMATION

Foundation: ☐ Basement

☐ Concrete Slab

☐ Crawl Space

#### LAND DISTURBANCE PERMIT

When soil is disturbed on a construction site, a land disturbance permit is required to be issued along with the building permit from the State of Missouri. If your project will disturb the soils on the site, please include the Land Disturbance Permit with the building permit application.

After the demolition of the structure has occurred, the lot must be cleared of all debris, graded for drainage, have silt control in place and seeded before a final inspection.

#### ASBESTOS

The Missouri Department of Natural Resources regulates the property removal and disposal of asbestos material. Prior to demolition of a commercial building, an asbestos inspection is required by a Missouri-Certified Inspector. Call 660.385.8000 for paperwork and any information needed. To learn more about your responsibilities for compliance with these laws, please visit the DNR website for a fact sheet on Asbestos Requirements for Demolition and Renovation Projects.

#### DISPOSAL OF DEMOLITION MATERIALS

The Missouri Department of Natural Resources advises that the disposal of demolition waste is regulated under Chapter 260, RSMo. Such waste, in types and quantities established by the Department, shall be taken to a demolition landfill or sanitary landfill for disposal. Additionally, persons engaged in building demolition are required to maintain records of sites used for disposal for a period of one year and present records upon request to DNR personnel. The state statutes further allow for county and city prosecution for illegal dumping in violation of RSMo Section 260.210.

I hereby certify that the proposed work is authorized by the owner of record and that I have been authorized by the owner to make the application as his/her authorized agent and agree to conform to all applicable local, state, and federal laws.

I understand and have complied with, where applicable, the following information:

1. Land Disturbance Permit – Must be submitted if soil is to be disturbed
2. Asbestos Inspection Report – Commercial properties only
